

BIOGRAPHICAL STATEMENT

Zalina Shari, Assoc. Prof

Dr. Zalina Shari is an Associate Professor and the Head of Architecture Department at the Faculty of Design and Architecture (FRSB), Universiti Putra Malaysia (UPM). She received her PhD in Architecture (specialising in building sustainability assessment) in 2011 from the University of Adelaide, South Australia. With this expertise, she has been teaching sustainability-related courses for the Master of Architecture programme in UPM. Zalina also shares her knowledge and expertise on sustainability issues and different Green building rating tools with government and non-government agencies and at educational events and programmes.

She has supervised several MSc. and PhD students in the area of green/sustainable design and planning. To date, she has published 10 book chapters and 50 journal, conference, magazine, and newspaper articles related to green building and sustainability in the built environment.

She was the Chairman of three national sustainable building-related conferences in 2012, 2015 and 2018 and one international conference in 2018. She was the International Scientific Committee member for the Int'l Architectural Science Association Conferences (ASA2015 Melbourne, ASA2016 Adelaide and ASA2017 Wellington). She is currently a member of editorial boards for several international journals; as well as an author and national correspondent for an international professional magazine, FuturArc: The Voice of Green Architecture in Asia-Pacific.
